To whom this may concern:

My name is Randell Adjei, I represent the Legislative Assembly of Ontario as Ontario's Poet Laureate. Within this role my intention is to support and advocate for arts initiatives across the province. I believe in the power of art and its capacity to inspire others along the journey. As such, I had the privilege of working with the Orillia and District Arts Council at Orillia Secondary School speaking and facilitating workshops. It was an incredible experience and we found the partnership to be very impactful.

In my experience working with them, I found them to be professional and organized, offering support and promotion for my presentations. They helped me feel supported throughout the process and were great hosts during my visit. I would not hesitate to work with them again.

ODAC has offered ASO supports to artists in their region. In this day and age, artists really need as much support as possible. As such, I would wholeheartedly recommend them for funding or support for any program to which they apply.

Sincerely,
Randell Adjei
